

GUNBOAT

**Promptly Ordered
to Port au Prince
by Government**

TO PROTECT AMERICANS

**France, Germany and
England Order Cruisers
To Haytian Port**

**Refugees Take Protection Under
American Flag of Consular
Agent.**

Port au Prince, Hayti, March 17.—The British cruiser Indefatigable and German cruiser Bremen have arrived here. The situation is quiet at present. There have been no negotiations yet between the cruisers' commanders and Haytian authorities. The Indefatigable steamed into the harbor late last night, heralding its arrival with a salvo of three cannon shots, which created a panic in the city until the cause of the firing became known. The Bremen arrived early today. Government officials express considerable dissatisfaction at the ships' arrival. They say foreigners are in no danger, but that demonstrations of this kind are just what are calculated to stir up anti-foreign feeling.

French Minister Carteron, reporting to his government says the attack on foreign legations and consulates is imminent however, and refers to Minister of Interior Leconte as "blood thirsty." President Nord Alexis formally notified the French consulate at Gonaives today that accused Haytian revolutionists sheltered there must be surrendered to him or he will take them by force.

Paris, March 17.—Official dispatches received here from Port au Prince say 25 executions are reported in Hayti. All took place Sunday and there were more yesterday, though their exact number is not given. Further summary executions, possibly terminating in a general massacre, are declared imminent.

Washington, March 17.—The cruiser Des Moines in addition to the agile, was today ordered by the navy department from Guantanamo, Cuba, to Port au Prince, Hayti, to protect American interests.

Port au Prince, March 17.—The Haytian Government's activity in summarily dealing with a number of alleged conspirators in a threatened uprising has had the effect of causing anxiety in the hearts of many, for it is not known where the next blow may fall or how far-reaching the revolutionary trouble may be.

Outwardly Port au Prince is calm, and following the execution of the 11 men alleged to have been implicated in the plot, President Nord Alexis issued a proclamation to the people, in which he felicitates them on their calm attitude under the present trying conditions, and gives reassurances to the community that order and the security of the government will be maintained.

The situation in the Haytian Republic, which for several weeks past has been the scene of revolutionary activities against the administration of General Nord Alexis, has taken a serious turn. Eleven prominent politicians were, by executive order, shot to death in the outskirts of Port au Prince. The executed men were charged with conspiracy against the government.

The situation is further complicated by the fact that a number of revolutionists took refuge when the movement failed, in the foreign consulates, especially the French, at Gonaives and St. Marc. The Haytian government demanded that these men be handed over to it, but France refused on the ground that it was not satisfied they would be given humane and lawful treatment when they left the protection of the French flag.

The situation is complicated further by the allegation that the revolutionary movement was fostered in some of the foreign consulates in Hayti. This has given the government opportunity to make charges of

foreign support. Charles Miot, a Haitian, who was American Consular Agent at St. Marc, was removed from office in January by the American Legation on the ground of complicity with the rebels.

It has been reported that there were a number of Haitian refugees under the protection of the American Consular Agent at Port de Paix.

Washington, March 17.—Rear Admiral Pillsbury, chief of the Bureau of Navigation, issued orders late yesterday afternoon for the gunboat Eagle to proceed immediately from Guantanamo to Port au Prince, Hayti. This action was taken on representations of the revolutionary conditions in Hayti, the announcement of the execution of leading Haytiens by the government and the probable necessity for the suppression of riots in which United States citizens and property might be the sufferers.

The State Department has taken judicial note of the news reached that Great Britain, Germany and France had ordered cruisers to the Haytian port.

The United States wanted to be on the scene of the trouble first. There might be considerable embarrassment, the officials thought, if foreign powers should take the initiative in Hayti without consultation with the United States. The State Department has not in any way criticised the Haytian government for the execution of revolutionists, but it is aware that that act is likely to produce internal disorders which might demand the intervention of outside nations in the interests of their own citizens. The Eagle is to be followed probably by the Des Moines and the Paducah.

There have been as yet no requests from Foreign Powers to the State Department asking the government to restore order in Hayti, but this government knows from its experience with the foreign Powers in the San Domingo case that if the United States navy does not furnish ample protection the Powers will act in their own interests.

ERNEST CORNELL MADE SECRETARY OF NATIONAL CLUB

Washington, March 17.—A Democratic National club composed of secretaries to Democratic members of Congress has just been organized.

ERNEST CORNELL.

The work of this club is national in its scope. Mr. Ernest Cornell of Alexandria, Ohio, secretary to Congressman William A. Ashbrook, has been honored by being made secretary and a member of the executive committee of said organization.

OFFICIAL ANNOUNCEMENT

Made by Secretary Metcalf That Rear Admiral Evans Will Retire on Own Application.

Washington, March 17.—Official announcement was made this afternoon by Secretary of the Navy Metcalf that Rear Admiral Evans on his own application and on account of ill health will be relieved of the command of the battleship fleet at San Francisco and that he will be succeeded by Rear Admiral Charles M. Thomas, now second in command.

COUNCIL WOULD PUNISH STUDENTS

Ann Arbor, Mich., March 17.—The common council of Ann Arbor had a special meeting today and decided to recommend to police court that 27 students of the University of Michigan, who lay in jail, be punished with jail terms in the work without alternatives of fines. All were arrested during riots around the Star theatre last night. All gave fictitious names and will not be tried until properly identified by the faculty.

A REVIEW OF THE HAYTIAN ARMY.

ORGANIZED LABOR WILL MAKE DEMANDS KNOWN TOMORROW

Washington, March 17.—What is regarded as the most important meeting in history of organized labor will be held here tomorrow on the call of President Gompers of the American Federation of Labor. Executive officers or delegated representatives from every national union are expected, while the entire executive council of the American Federation will be present. Over 300 labor leaders will be in attendance. A recent adverse decision of the United States Supreme court on labor interests and a gen-

eral demand from labor all over the country for political action will be the topics of discussion.

It is practically certain that the conference will result in the exact definition of the part organized labor is to play in the coming presidential campaign. The executive council has already drafted bills for legislation submitted by labor. They will be submitted to a general meeting tomorrow for ratification. If congress refuses to pass the bills recommended, labor will fight the men who oppose the measure.

VICTIM

Was Enticed to Lonely Fair Grounds, Beaten, Robbed and Thrown Into the River.

Wheeling, W. Va., March 17.—Charles Cook and wife and James White were arrested here today charged with killing Charles Bennett of New Kensington, Pa. The police say that Cook has confessed that his wife, then Lilla Zane, enticed Bennett to the West Virginia fair ground where Cook and White, by arrangement, found the Zane girl and Bennett in a compromising position, beat him, robbed him of \$37 and threw him into the river. With the money Cook and the Zane girl married and went to Pittsburgh to live, recently returning here Cook is said to have confessed to his mother, who caused arrests. White says he is innocent.

HEALTH OFFICER

ISSUES STATEMENT REGARDING DISOBEDIENCE OF HIS ORDERS.

Will Arrest All Offenders Who Do Not Comply With His Instructions as to Refuse.

Mayor Atherton and Dr. W. H. Knauss, chief of the health department, were in an extended conference Tuesday in the mayor's office, when it was announced that the regular police department will be instructed immediately to act in conjunction with the health department in enforcing certain orders which have been issued by the department from time to time and which have met with stubborn violation.

Dr. Knauss said: "I am getting disgusted with the disobedience of the orders of the health department, and am taking this step to insure the

enforcement of rules regarding the scattering of debris, dirt and garbage in alleys, streets and vacant lots about the city. There are any number of instances in which I have repeated my orders to people to clean up their own dirt and refuse and to keep it from the alleys and streets. In each of these cases I mention my orders have been ignored and now, that I have the direct assistance of the city police, I shall positively arrest the first offender who has received previous warnings from my office."

Dr. Knauss cited one instance in which four or five notices had been served. The last of these notices was served Monday and instructions given that if the pieces of waste were not removed immediately arrests would follow.

EXPLOSION KILLS THREE WORKMEN

Brazil, Ind., March 17.—An explosion in the drying room of the powder works belonging to the Independent Powder company at Coal Mont, this county, exploded today killing three workmen and doing damage to the plant and neighboring buildings.

DEMOCRATIC CONVENTION

WILL BE HELD IN THE AUDITORIUM AT COLUMBUS ON MAY 5 AND 6.

Improvements Will be Made Which Will Make Big Hall Ideal Meeting Place.

Columbus, March 17.—Chairman Charles Kloeb of the Democratic state committee was in Columbus Monday. Before leaving town a contract was

signed for the Goodale street auditorium in which to hold the Democratic state convention.

The auditorium was inspected. Plans for putting it in the best shape it has ever been were gone over and the contract was then signed.

There had been some talk of taking the convention from Columbus, but it amounted to nothing. The Goodale street auditorium is an ideal place for the convention, and with the improvements that will be made it will be the best place in the state for the gathering. A new stage will be built and it will be constructed with special reference to the needs of the convention. A raised platform in front of it will be constructed for newspaper men. Facilities in this regard will be complete. Manager Ben Harmon of the Neil house announced Monday night that everything would be in good shape a week before the convention meets, May 5 and 6.

ROOSEVELT

MADE TARGET OF CAUSTIC CRITICISM IN LOWER HOUSE OF CONGRESS.

Representatives Think President Acted Unwisely and in Violation of Spirit of the Law.

Washington, March 17.—As wired the Advocate yesterday the bill restoring the motto "In God We Trust" to the gold and silver coins passed the House. The action was had by a suspension of the rules and the vote stood 255 yeas to 5 nays. Thus was set aside the order of President Roosevelt to the director of the mint that this inscription be omitted from specie.

The bill provoked a lively discussion in which the President was made the target of some caustic criticism. Representative Ollie M. James, of Kentucky, who presented to the House petitions containing over 900,000 signatures in favor of its passage, congratulated the country "that our trust is again to be restored to power."

In the judgment of the Christian people of the United States, he said, the President had made a great mistake. He spoke of the work of American missionaries in foreign countries, and said: "We want our money so that when this gold, that you say is so good, crosses the ocean and is held in the hands of those who do not know of the existence of the Savior of the world, we can say 'Here is a dollar of a Christian nation. This is trust, not in floating navies, not in marching armies, but trust in God.'"

The debate on the subject excited the liveliest interest. Mr. Carlin, of Virginia, said that in the issuance of this order abolishing the motto President Roosevelt had acted unwisely and in violation of the spirit of the law.

In opposing the bill Mr. Kustermann, Wisconsin, said that the motto smacked of irreverence which went dangerously close to sacrilege. One minute speeches in favor of the bill were made by Messrs. Moore, Pennsylvania; Sheppard, Texas; Edwards, Georgia; Ellerbe, South Carolina; Pearre, Maryland, and Gardner, Michigan.

PRESENT

**Water Works Site
is Not Meeting
Expectations**

BIG EXPENSE TO CITY

**Contracted by the Change
---Waste of Time and
Money**

**Pumps Do Not Show That They
are Well Finished
Machines.**

An Advocate reporter took a morning stroll along the banks of the North Fork of the Licking, and found that spring was doing things; the birds are all here and are busy looking up summer quarters, and in the ponds left by the receding waters the grass frogs already graduated from the tadpole state, are doing their rattling-bone stunt. The minnows too are looking for sunshine, and are plenty in the shallow places.

Horn's bill on the side exposed to the rays of the sun is taking on a tinge of green and it will not be many days before it will be covered with verdure and early spring flowers for which it is famous.

At the new water works, the reporter found lots of things doing. The plant as far as provided for, is rapidly nearing completion; fire has been under the boilers for the past ten days, mainly for the purpose of slowly drying out the brick work in the furnaces, but today one of the big pumping engines is being tested.

The two boilers, which are of the water tube type, and built by the Atlas Engine company of Indianapolis, which recently went into the hands of a receiver, are in charge of the water works contractors, The American Light and Water company, and are being gotten in shape by Mr. Charles Jones, the company's very efficient superintendent, and who showed the reporter around the plant.

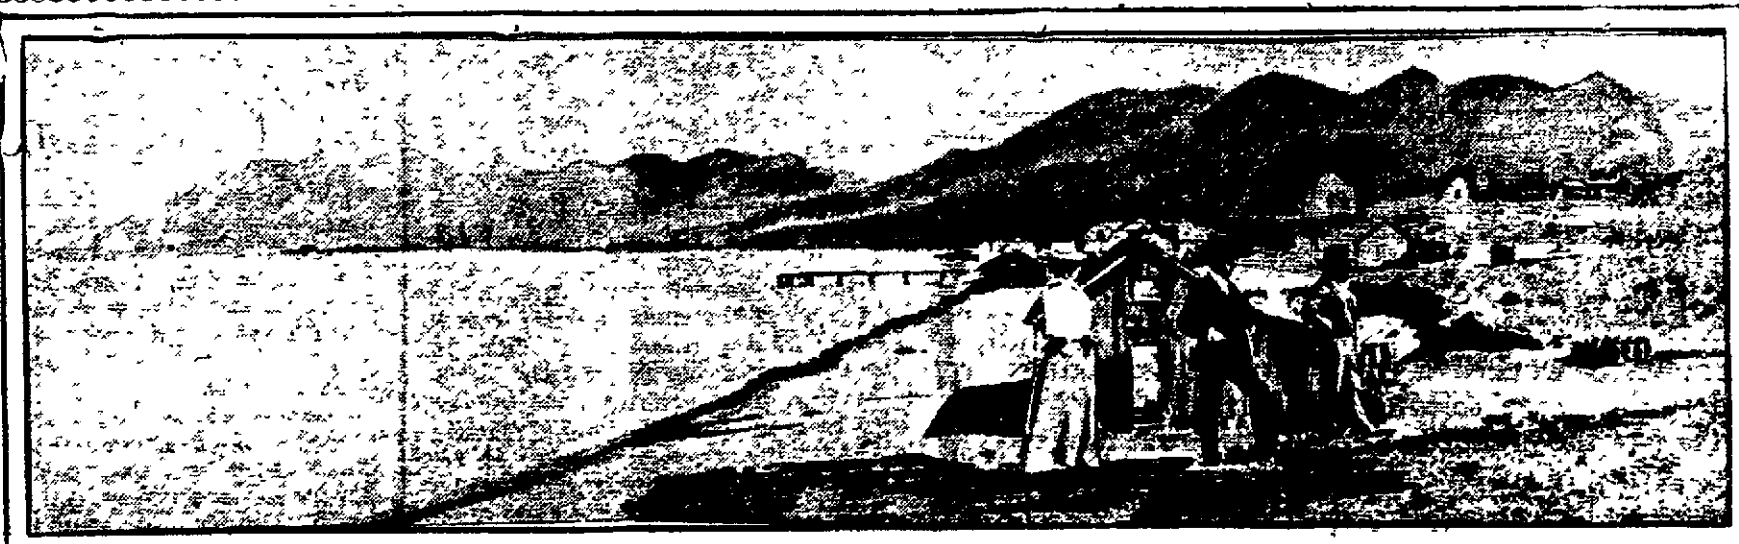

A minute inspection was made of the masonry and surrounding at the abandoned site of the city water plant, and the masonry was found to be in the best of condition, and the recent high waters did not get as close to the walls as they did at the present site. Right here the Advocate says it again that it was the height of foolishness to abandon this site, for the distance above the river at which the pumps could have been set on account of the levels, would have insured greater economy in lifting water over the installation at the present place, while the old feeder bank gives perfect protection from possible flood which the new site is totally without.

On the whole, the changing the site was a shameful waste of time and money which any one with any knowledge of mechanics will perceive if he will take the trouble to look the situation over. The original kick was on what was termed "the building our water works in a swamp" but two years of all kinds of exposure on the masonry walls of the half-finished work and a close inspection of how the river has behaved since the site was abandoned shows the original site was better than the one that was substituted for it at great expense to the city.

While it is too early at this date to say how the pumps will do the work located as they are, the machinery is not as highly finished as the prices paid would warrant. The castings are rough and the lack of any pains to make the machinery look pleasing to the observer is not to the credit to the company that furnished or the party who contracted for the pumps. Certainly the pumps do not present the appearance of well finished machines.

MOTHER'S PLEA TO GOVERNOR

Albany, March 17.—The mother of Chester Gillette, sentenced to die in the electric chair next week for the murder of "Billy" Brown, his sweetheart, made her appeal to Governor Hughes today to save her son's life. The governor heard her kindly, but it is not believed he will interfere.

VIEW OF THE TOWN AND MAN-OF-WAR COVE. GROUP IN FOREGROUND, LEFT TO RIGHT: MME. KWIAWKOWSKY, MAYOR ANTONIO SALGADO AND MIGUEL MEJIA (CUSTOMS OFFICER).

PISO'S CURE

Colds on the Chest

are the forerunners of consumption. A bad cold and its inevitable accompaniment, the hacking, tearing cough, respond rapidly to the soothing, healing influences of PISO'S CURE. Because of its unequalled efficacy in the treatment of throat and lung diseases, together with its agreeable taste and freedom from harmful ingredients, PISO'S CURE is the ideal remedy for men, women and children. There is no cold, cough, throat or lung trouble that will not be quickly relieved by PISO'S CURE.

FOR COUGHS AND COLDS

THOUGHTS ON BUSINESS

BY

WALDO PONDRAY WARREN

WHAT THE EMPLOYER DOESN'T KNOW

THE abuse of delegated authority occasions much injustice which those higher in power do not always realize. Many things are done by subordinates that the manager would not sanction.

Near closing time in a large office one young woman was seen crying and another was trying to comfort her.

"What's the matter, Grace?"

"Oh, Mr. Thomas said I had to work again to-night," she sobbed. "I am so tired I can hardly think. This makes four nights this week. Last night I was here till after 10 o'clock, and then got scolded this morning because I was a few minutes late."

"Didn't he ask you if you were able to stay?"

"No, he didn't. He just came along and said, 'We want you to stay and help to-night.'"

"Why don't you speak to him about it?"

"I did that once and he made it so unpleasant for me I don't want to ask him again."

"Then why don't you go and tell Mr. Dodson?"

"That would be worse than ever, for he would make a fuss and Mr. Thomas would take his grudge out on me for the next two months. If Mr. Dodson only look around once in a while and find out what is going on here he could have something to say for himself without waiting for complaints."

(Copyright, 1907, by Joseph B. Bowles.)

into a maple tree and were stopped. Fortunately no damage resulted.

Fra Diavolo Rehearsal.

Rehearsal of opera, Fra Diavolo, tonight at 7 o'clock sharp. It

Will Elect Officers.

At a meeting of Newark Lodge No. 391, B. P. O. E., tonight, officers for the ensuing year will be elected.

Taken to Hospital.

Mrs. Henry T. Lindner, of 157 South Pine street, West Newark, was taken to a Columbus hospital Tuesday afternoon over the B. & O. where she will undergo treatment.

Located at Dayton.

C. C. Clapper, a former well known insurance agent of this city, has located in Dayton, O., where he is reported as doing a flourishing business. His place here is filled by H. B. Bay.

Notice to Parents.

All children of the intermediate, junior and primary departments of the Central Church of Christ Bible school are requested to be present at the church Wednesday afternoon after school hours to practice for Easter entertainment.

Left for New Mexico.

John Tucker and party of eight left for Los Vegas, N. M., Tuesday morning over the B. & O., where they go to look at land in that coming country of the rapidly growing southwest. The party was chaperoned by Mr. Josiah McKinney.

Delivers Lecture.

Hon. B. F. McDonald delivered his lecture, "Heroism in Private Life," at Perry, Lake county, Monday night before a large and appreciative audience. Mr. McDonald is becoming quite noted throughout Ohio as a lecturer of more than ordinary ability.

St. Patrick's Day Flowers.

A friend says that Dr. D. M. Smith has a very fine variety of green flowers which he intends to give his friends and patriots this evening at 7:30. This friend assures the Advocate that the doctor has a St. Patrick's day party for all of his callers.

Sacred Concert.

There will be a sacred concert at the Fifth street Baptist church tomorrow evening, beginning promptly at 7 o'clock and lasting for one-half hour previous to the regular prayer service. There will be no charge for admission and no collection. Every one invited to be present.

Ticket Agents Meet.

The monthly meeting of the ticket agents of this division of the B. & O. was held in this city Tuesday morning. Matters of general interest to agents of the division were discussed. Sandusky, Mr. Vernon, Columbus, Shawnee, Zanesville, Marietta, Mansfield and Wheeling were among some of the division points represented.

From Mt. Vernon.

Mr. Foster, who appears at the Orphan this evening as an extra attraction, is a Mt. Vernon boy who appeared in several prominent theatricals held in and around that city, and it is said he was always a big hit. He claims to have a new and original idea of his own for his act and should make good he will open on the park time at once.

Anderson Williams' Son.

A telegram from Baltimore, Md., Tuesday morning announced the birth of a son to Mr. and Mrs. D. A. Williams former residents of Newark. Though Mr. and Mrs. Williams celebrated their 20th wedding anniversary several years ago, this is the first time the Stork has paid them a visit and both are rejoicing in the arrival of a fine baby boy.

Salvation Army Services.

The Columbus contingent of the Salvation Army, together with the local army, conducted a big and successful meeting at the Salvation Army hall on Monday night, resulting in six converts being gathered into the fold. The council meeting, which was held at 9:30, was conducted by Major E. White. There will be an open air meeting tonight at 7:30, at the corner of West Main and West Park Place, after which a musical meeting will be held at the Fifth street Baptist church at 8 o'clock.

Don't forget the eloquentary recital tonight at Taylor Hall.

LOST.

An opportunity will be lost if you fail to try "Bentley's White Lily Catarrh Cure." You have tried the rest, now try the best. 25c. All drug stores.

For sale—Aprons, bonnets and rag rugs at East Main St. M. E. church, Tuesday evening, March 17.

Legal Notice to Bidders.

Sealed bids will be received by the Board of Public Service of the City of Newark, State of Ohio, at the office of said Board until 12 o'clock, noon, WEDNESDAY, MARCH 18, 1908.

For furnishing the necessary labor and material for constructing a concrete retaining wall along the south side of Racoon Creek west of the West Main Street bridge, containing about 75 cubic yards concrete, according to plans and specifications on file in said office.

Each bid must contain the full name of every person or company interested in the same, and be accompanied by a bond in a sum equal to 10 per cent of the amount bid to the satisfaction of the board, or a certified check on some solvent bank, as a guarantee that if the bid is accepted, a contract will be entered into and its performance properly secured.

Shade any bid be rejected, each check will be forth with to the bidder, and should any bid be accepted, each check will be returned upon the proper execution and signing of the contract. Bidders are required to use the printed forms which will be furnished upon application.

The right is reserved to reject any and all bids.

By order of the Board of Public Service. ALBERT C. GUNDLACH, Clerk.

GAUT'S FORMULA FOR KIDNEY CURE.

Get your druggist to mix the following ingredients: One-half ounce fluid extract Buchu, one ounce of compound fluid Balmwort and two ounces of Syrup Sassaaparilla compound. Shake well and take a teaspoonful before each meal and one at retiring. Drink plenty of water between meals and at night, but little of any liquid at meal times. The buchu alone is an excellent tonic for the kidneys and bladder, but combined with the excellent qualities of Balmwort and sassaaparilla its efficacy is ten times greater. The great urinary specialist, Gaut, whose single fees range from \$500 to \$1000, acknowledges in his latest reports to the German Health Bureau that this simple mixture is most reliable and will cure all but the most complicated and aggravated kidney and bladder affections, therefore it is worth trying, as it is not an expensive formula. Putting under the eyes, backache, dizziness, burning in the bladder, blurred vision, extreme nervousness, and insomnia all indicate urinary trouble. Many more symptoms could be named, but they are all will surely avoid neglect and prevent serious complications like diabetes, Bright's disease, apoplexy and rheumatism.

Horse clippers and sheep shearing machines at Newark Hardware Co., 23 West Main street. d16-6tw11

PERSONALS

H. C. Jones of Dewey avenue is on the sick list.

Mrs. William Miller of Woods avenue is very ill with inflammatory rheumatism.

Adolph Schiff, proprietor of "The Fair," has been in New York buying goods for the past few days.

TWO CENT FARE

Gov. Crothers Advises Maryland Leg-
islature That This Is Most
Unfavorable Period.

Governor Crothers of Maryland,
was surprised when told of the West-
ern Maryland railroad receivership
and took occasion to advise the state
legislature that this is a most unfa-
vorable period for two cent rate bills
or other legislation radically against
railroads. Governor Crothers was
inaugurated early in January and his
legislature that has been at work
ever since will close its session in two
weeks. The Western Maryland rail-
road is practically a local corporation
with lines extending into West
Virginia. Two years ago the Mary-
land legislature passed a two cent
rate bill, but Governor Warfield re-
voted it.

Governor Crothers spoke of the
Western Maryland receivership to a
Baltimore Sun legislative reporter as
follows:

"It goes without saying that I
greatly regret to receive this news.
The Western Maryland road has been
a telling factor in the development of
Maryland and a great future was an-
ticipated. It has already brought to
Baltimore the West Virginia system,
and its extension to Pittsburgh has
been confidently expected, and it was
believed that important results would
follow from that extension. I hope
sincerely that when times improve
its great destiny will be accomplished
and that the present trouble is only
temporary.

"In the meantime, it suggests a
warning to Congress and to the legis-
latures of the states, that of Mary-
land included. The warning is that
the railroads of the country are in no
condition to withstand the ass-
aults of adverse legislation, or to
stand up against increase of burdens
and decrease of revenue. It is a bad
time for two cent rate bills and like
measures, which in other times might
be well enough."

PUBLIC LIBRARY

WILL RECEIVE HEARTY SUP-
PORT OF ALL LIBERAL-
MINDED CITIZENS.

Carnegie's Aid May be Invoked—
Mayor Atherton Will Favor La-
dies in Appointment.

At last has been accomplished that
which Newark has needed for a long
time; at last has the city obtained
the nucleus and taken the first step
for the much needed aid for the
growing citizens, and the older ones,
too—a library.

For the past ten years the subject
has been urged to the fore at various
times, but on each occasion met with
defeat, due to some extent to a lack
of leaders, but principally to the lack
of general public support. Every
woman's club in the city has, at some
time or other urged the establish-
ment of a city library of reference
where young and old alike might turn
for education or much desired infor-
mation on some technical subject,
that could not be found indexed in
any private library of the city.

Councilman W. N. Fulton, in tak-
ing up the library question, met with
the heartiest support from various
clubs devoted to literary research, as
well as from many individuals, who
have expressed their willingness to
head the list of subscription with
good sized donations.

It is possible, too, that after the
organization is effected, the aid of
Andrew Carnegie may be solicited
with propriety. However, whatever
the future considerations may be, the
institution, when once established, is
bound to flourish and meet with the
undivided support of every citizen of
Newark.

Mayor Atherton has not yet given
the subject of appointees much consid-
eration, but stated Tuesday that he
will await suggestions from the ladies'
organizations of the city, and favor
their recommendations in the matter
of appointing trustees.

ture of R. W. Grove. 25c. tu-1f

WEAK KIDNEYS

A Simple Mixture Which Anyone Can
Prepare. That Makes the Kidneys
Filter Out the Acids.

To make up enough of the "Dandeli-
on treatment," which is claimed to
be relieving nearly every sufferer who
uses it for backache, kidney com-
plaint, sore weak bladder and rheu-
matism; get from any good prescrip-
tion pharmacy one-half ounce Fluid
Extract Dandelion, one ounce Com-
pound Kargon and three ounces Com-
pound Syrup of Sarsaparilla. Shake
well in a bottle and take in teaspoon-
ful doses after each meal and again
at bedtime.

Those who have tried it claim that
it acts gently but thoroughly on the
kidneys, relieving backache and blad-
der trouble and urinary difficulties al-
most instantly. Many cases of rheu-
matism are known to have been re-
lieved within a few days, the pain and
swelling diminishing with each dose.

A well-known local druggist, who
is in a position to know, asserts that
this "prescription," wherever it be-
comes known, always ruins the sale
of the numerous patent medicine
rheumatism cures, kidney cures, etc.
It is a recipe which the majority of
patent medicine manufacturers, and
even certain physicians dislike to see
published. Few cases, indeed, which
will fail to fully yield to its peculiar-
ly soothing and healing influence. Be-
ing composed of common every-day
ingredients, which can be had from
any druggist, it makes up a good,
honest and harmless remedy and at
nominal cost.

NOTICE TO CONTRACTORS.

Newark, O., March 16, 1908.—To
All Contractors—Stone Masons' Union
No. 4, controls all concrete. Any
foundation put in without one union
stone mason, to work on them, will
be unfair foundations. This is the
second notice and must be respected.
By order of Stone Masons' Union No.

TER." STEPHAN'S DEPT. STORE.

FLORY TRACT IMPROVEMENT

Work is Progressing Rapidly and the
Grounds Are Taking on a New
Appearance.

"An opportunity improved is the
base of good citizenship." The home
loving people of Newark have an op-
portunity to get a location for homes
that will undoubtedly never come to
them again—central and ideal in ev-
ery particular.

We wish to say to the citizens of
Newark that neither effort or money
will be spared to make the ground of
the Abram Flory homestead one of
the most beautiful places in Newark.
Mound street will be extended and
paved, cement walks laid, and every
thing done to make it a desirable re-
sidence section.

Arrangements have been made
with Mr. O. J. Hawkins, one of the
very best architects and builders, to
take charge of the building, and we
are prepared to furnish plans, specifi-
cations and estimates on any style
of house desired.

When you consider that I have my
own carpenters and plumbers—men
of experience—and buy all material
at wholesale, it certainly is business
and to your interest (to see what I can
do for you. FRED C. EVANS,
33 and 35 West Main St.

GRAND STAND PLAY

To Be Made With I. and R. by
Republicans in House.

THINK THEY HAVE IT BALKED

They Expect It to Fail at the Polls
Even If Finally Adopted by the Leg-
islature—House Putting Bank In-
spection Bill Into Shape—Guilbert
to Get More of an Investigation
Than He Expected.

Columbus, O., March 17.—(Special.)
—This week the most important mat-
ter to be acted upon in the house is
the Atwell initiative and referendum
resolution, which is a special order
for Wednesday afternoon.

The resolution will be adopted, but it
is so materially changed from the
form in which it passed the senate
early in the session that it must go
back to the senate for concurrence in
the amendments. There are oppo-
nents of the initiative and referendum
on both sides of the house, but the
number is naturally larger on the Re-
publican side than among the Demo-
crats. The initiative and referendum
was a part of the state Democratic
platform in 1905, when the members
of this legislature were elected, so
that the Democratic members are
committed to the measure by the
pledge in the Democratic platform, al-
though some will not abide by that
pledge. The Republican members,
after having deliberately held back
the resolution through their control of
the house judiciary committee until
after the Republican convention, will
be willing enough to let the resolution
go through now, to placate the labor
vote of the state if possible, on ac-
count of the hard throw-down given

ROBERT B. LERSCH,
Of Lorain County, Chairman of House
Finance Committee.

measures and men favored by organiz-
ation labor in the recent state conven-
tion, which endorsed Taft and Taft
policies. Not one candidate accepta-
ble to organized labor was put on the
ticket that was parceled out by Cox
among his subordinate bosses in such
a way as to save the lion's share for
himself, since each favorite of the
subordinate bosses put on the ticket
had to be acceptable to Cox. The in-
itiative and referendum resolution
having been kept in cold storage till
after the convention, the bosses had
a subterfuge for an excuse for not en-
dorsing such a proposition under the
Longworth act to facilitate the adop-
tion of constitutional amendments.
Being safe on that score the conven-
tion even dared to declare in favor of
repealing the Longworth act, and ig-
nored the direct legislation principle
entirely in the platform except an am-
biguous paragraph ostensibly favoring
a referendum on local franchise
grants.

For all these acts of omission and
commission, the Republicans are al-
ready beginning to realize that they
have started sullen opposition to the
Republican ticket among organized
labor in Ohio, which is likely to burst
into consuming fire if Taft is nomi-
nated for president on his government by
injunction record. Hence some of the
Republican members of the house are
willing now to make a grand stand
display of such support as they may
give the Atwell resolution, at the
same time feeling safe that without
endorsement on the Republican ticket,
to give this proposed constitutional
amendment the benefit of all straight
Republican votes, it will fail to carry
at the polls whether the Longworth
act is repealed or not.

The house will continue considera-
tion of the Thomas bank inspection
bill in committee of the whole, less
than one-fourth of its sections having
been gone over last Thursday after-
noon. At least two more days will be
consumed to go over the rest of the
sections unless more rapid progress
is made, and the bill will hardly reach
a final vote before Thursday. Mean-
while the calendar is becoming more
and more congested with bills ready
for final passage, including quite a
number that have already passed the
senate and require only the action of
the house to pass them on to the gov-
ernor. This bank inspection bill is
practically the same as when it pass-
ed the house last session without get-
ting through the senate. Whether
former Governor Herrick held out
his prospects any by his im-
pulsive declaration in its favor when
he spoke against the guaranteed bank
deposit bills before a joint session of
the legislature last week remains to
be seen. His partisan speech was

enough to make a party question of
the bank inspection bill as well as of
the guaranteed deposit bills, which
will do very well in the house. How
the senate will take Mr. Herrick's ad-
vice is conjectural.

State Auditor Guilbert will get more
of an investigation than he asked for,
if the senate passes the probe bill just
as it passed the house. He requested
only that an investigation be made by
the governor. Had the governor gone
ahead and investigated without asking
for an appropriation the legislature
would have had nothing to say. But
the governor asked for an appropriation
and appropriations require a two-
thirds vote, which is 18 more than the
total number of Republican members
in the house. This made it impossible
to rush the bill through without
amendment, as recommended by the
finance committee. This is what en-
abled the Democratic minority to ex-
ecute the best coup of the session.
The amendments offered by Mr.
Stockwell started the usual panic on
the Republican side. The usual fil-
buster was started to "down the Demo-
crats" before the amateur Republi-
can leaders realized that they were
merely adding fuel to the flames, as
they did when they resisted further
investigation of the state treasury on
the purely partisan proposition that
"it is nobody's business how a state
official conducts his private business."
They also found that they were piling
up obstacles against the request of
Mr. Guilbert's official record, and that
opposition to the amendments would
give a more vivid color to suspicion,
so they subsided and let the amend-
ments go in.

As amended the bill does not give
the governor absolute control of the
probing of Auditor Guilbert's record.
The investigation is to be open to the
public, and any member of the legisla-
ture is to be permitted to ask ques-
tions of witnesses, which means that
Mr. Guilbert will have opportunity to
answer some very pointed, pungent,
pertinent and penetrating questions
before he gets through. The investi-
gation is not to be confined to the
state auditor's office, but is to include
all the public boards and commissions
of which Mr. Guilbert is a member ex-
officio. This is not the kind of an in-
vestigation Mr. Guilbert expected. His
request filed with the governor shows
that he expected the governor to
make an inspection of his office as
provided by law, while an investiga-
tion of other state offices, departments
and institutions would be made by a
bureau of his office; or, in other
words, that the state offices, depart-
ments and institutions would be in-
vestigated by attaches of a state de-
partment under investigation. All of
which Mr. Guilbert might have spared
had he been satisfied three years ago
with two terms, or even if he had not
dictated the nomination of his "heir
apparent" in the manner described by
the Toledo Blade.

The joint legislative committee
which is to make a general investiga-
tion of the conduct of the Ohio peni-
tentiary and a special inquiry into the
charges of cruelty toward convicts,
will begin operations during the week.
The committee held a meeting and or-
ganized by electing Senator Lawver of
Ashtabula county, chairman, and dis-
cussed plans for the work before it.
The committee has power to summon
witnesses, and it is understood the in-
quiry is to be made thorough. War-
den Gould claims to welcome it, and
claims to have no fears as to the out-
come. The investigation is to take on
a wide scope, and will have to do with
the financial as well as the moral con-
duct of the institution.

A bill by Representative Wertz of
Wayne to confer authority for direct
legislation in local affairs on cities,
is on the house calendar for Tuesday
afternoon of this week. It provides
that ordinances may be initiated by
petition of 10 per cent of the qualified
voters. The ordinance is to be sub-
mitted to council at its next regular
meeting, and if not passed without
change or amendment within 90 days,
it shall be submitted to a referendum
vote at the next regular election, or at
a special election, if that is petitioned
for by 30 per cent of the qualified
voters. Councils may refer ordinances
granting a franchise or creating a
right or involving the expenditure of
money to a referendum vote, but in
any event, ordinances of that nature
can not become effective until 30 days
after their passage, which gives op-
portunity for referendum if requested
by 15 per cent of the qualified voters.
A majority vote on the proposition it-
self is sufficient for it to prevail.

The most important business in the
senate this week will be the considera-
tion of all unconfirmed appointments
of Governors Patterson and Harris. Al-
together there are 90 of these appoint-
ments hanging fire. Wednesday even-
ing there will be a caucus of Democratic
senators, at which it is probable some
line of action with regard to these
unconfirmed appointments will be
mapped out, besides the discussion of
other matters of interest to the party.

The general appropriation bill will
be submitted to the house this week
by its finance committee, of which
Representative Lersch of Lorain coun-
ty is chairman. There will be some
sadly disappointed persons among the
trustees and officials of state institu-
tions, state departments, etc., when
the bill makes its appearance. The
good roads people are about the only
ones who will get anything like 90
much money as they requested.

Second Week of the Carpet and Rug Sale

THIS sale has back of it a very fortunate purchase. When the financial flurry came, carpet and rug makers all over the country cancelled their orders placed with the manufacturers for spring. Our buyer was quick to see the opportunity, knowing that a financial flurry never effects this locality. Fully twenty-five thousand dollars worth of Rugs and Carpets we bought at a saving from 20 to 35 per cent. Therefore the basis of this sale.

75c and 80c Ingrain Carpets
55c a Yard

Best all wool ingrain carpets, Lowell Ingrains, Park Mills and Gold Medal brands all at 55c a yard

\$1.25 and \$1.35 Velvet Carpets

CITY PRISON

Will be Repainted and the Rooms Repaired This Spring—Board Decides on Improvement.

The old "pie house," commonly known as the city prison, will be no longer—that is, as it is and has been for the past few years. Weather-beaten and dirty inside and out, it has been anything but an attractive place.

Monday night the Board of Public Safety awarded a contract to John Parker to repaint, both inside and out, and repair the rooms of the city's bastille. No more will cockroaches and bed bugs infest the cell rooms for everything will be fumigated and a strong disinfectant will be used in big quantities.

The cells and the walls will be painted and cleaned and things will be put in apple pie order for the voluntary or involuntary guests of the

city. The building itself has been blackened by the smoke of countless engines on the B. & O., and a new coat of paint will be an improvement much appreciated by the people who are compelled to pass the place daily. The work will be started in a short time along with some other improvements that are contemplated by the board. The office and the court room, both need new paper on the walls, and new paint on the woodwork, for the soot and grime from the railroad has stained everything in the building to a color far darker than was intended by the men who did the last "job" there.

OBITUARY

CHARLES HENRY CHERRY.
Mr. Charles Henry Cherry, the well known mail clerk, died at his home, 153 West Locust street Monday night at 10:30 o'clock after an illness of only three days with pneumonia, aged 70 years. A more extended notice of the death of Mr. Cherry will appear later.

JOHN W. JONES.

Word has been received here that John W. Jones, a former well known resident of Granville, but who has been living in Denver, Col., for the past 20 years, had died at his home in that city on Monday, March 16, after an illness of some time, aged 77 years. Mrs. D. D. Jones of De Croy avenue, is a daughter and several sisters and brothers who live in Granville survive. Interment will be made in one of the Denver cemeteries.

HOMER C. WILLIAMS.

Homer C. Williams, the two year son of Mr. and Mrs. C. H. Williams residing two miles north of the city on the Mt. Vernon road, died Tuesday morning at 8 o'clock. Owing to the illness of Mr. Williams, father of the child, the funeral will be strictly private and will take place at the home Wednesday afternoon.

BOXING MATCHES

Declared Off by Mayor Atherton, When He Heard of Plans to Pull Off Affair.

Nothing doing in the boxing line at the Music Hall tonight. Mayor Atherton declared the contests off as soon as he heard that bulls were being circulated announcing 30 rounds of boxing.

The contests were to have been between local men and pupils of Prof. Watts who is giving lessons in the Music Hall, in the art of self defense. One of the bulls was left at the office of the mayor who immediately called Chief Ziegler and told him to notify the proprietors that there would be nothing doing.

LIBRARY ORDINANCE

MINUS APPROPRIATION PASSED BY CITY COUNCIL LAST EVENING.

City Auditor Provided With Funds to Fight Water Works Ordinance. Other Business.

The members of the city council were set all in a flutter at last night's meeting when a number of ladies began filing into the council chamber. It was a part of Councilman Fulton's women followers who swished into council to tell "the reason why" we need that library established.

Even President Rossel blushed as he called upon several of the ladies present to express themselves on the subject. Mrs. William Kellenberger, Miss Anna Wotring, Mrs. U. O. Stevens, Mrs. E. S. Randolph, and Secretary Maylone of the board of trade, delivered short talks in which they pointed out the value to the city of the mere founding or establishing of a library. Mr. Maylone said that one man had offered, in his presence, to give \$200 toward the establishment of a city library.

Mr. Fulton gave a talk on the subject and appealed for the passage of the library ordinance on behalf of young Newark, asserting that, while the city council has it in its power to make an appropriation for a city library, such was not included in the ordinance which simply called for the establishment of the library and the arrangement of the manner of its government. This provides for a board of six trustees, two ladies and four gentlemen, to be appointed by the mayor, and approved by the council.

The ordinance was passed without so much as a question, although it was evidently expected that there would be some opposition, which, however, did not materialize when it was learned that no immediate appropriation would be necessary. Mayor Atherton, being present, affixed his signature to the ordinance with that of President Rossel.

The resolution, by Mr. Fulton, to the effect that the city auditor be provided with counsel in the case of Auditor Maurath versus H. M. Verrill, was adopted. The resolution provides the appropriation of the sum of \$800 for fighting the case, and suggests that the city employ B. G. Smythe and J. R. Fitzgibbon. The motion for adoption was seconded by Mr. Kuster. The amount of \$1,000, which was suggested at a former meeting of the council, was met with almost unanimous objection on the ground that the appropriation was entirely beyond the amount really necessary.

Engineer Wells reported to the council that his plans for the Moull street drainage and sanitary sewer had been completed. The engineer deviated from the suggestions of the ordinance by making plans for a 10, 12 and 15 inch sewer instead of a 15 inch dimension throughout. The sewer in question is to extend from Woods avenue to Fourth street, and the engineer suggested that a 15 inch sewer would be unnecessarily large on account of the present sparse population of the street at this point, and, accordingly, graded it from 10 to 15 inches. The plan met with the disapproval of the council and was referred back to the engineer with instructions to draw plans according to the original order of the ordinance.

A short private session was held before the regular meeting, in the office of the city auditor, in which the sinking fund was the principal subject. In this meeting it was suggested that the sinking fund levy be increased a mill and a half. This was in anticipation of the budget to be presented at the first meeting in April. Another session will be held

ELECTRO SILICON

for this purpose on next Monday evening.

The report of the street committee, favoring a sidewalk on Day avenue, was received and filed.

The board of public safety recommended the general improvement of the city prison and the sleeping compartments of the central fire station, according to the needs.

The board of public service made its report on the advertising for bids and awarding contracts for the Fourth, Fifth, Eddy, Clinton and Locust street paving, and the construction of a sanitary and drainage sewer on North avenue.

Engineer Wells reported plans completed for sidewalks on Tenth and Eleventh streets.

A petition signed by U. G. and Jane Parks, asking for the abandonment of the alley between lots 1020 and 1120, in Eull's addition, was referred to the street committee, as was also a petition presented by Mr. Orr, and signed by 15 property owners, asking for the removal of the electric line switch on Williams street between Hancock street and the fair grounds.

An ordinance was introduced by Mr. Fulton, providing for the construction of retaining walls along the Raccoon creek at West Main street; also, at the alley along Log Pond run, between Fourth street and Elmwood avenue. Mr. Kuster handed that one a solar-plexus that resulted in landing it in the hands of the street committee, which will doubtless have just a few odd jobs on hand for some time to come.

Councilman Fulton's ordinance authorizing the B. P. S. to advertise for bids and contract for the fuel necessary for the water works, for a period not to exceed two or three years, was given its first reading.

Councilman Orr introduced an ordinance providing for the filling of the canal at the Third street crossing or the construction of a bridge at that point, as provided for sometime ago, in case the state legislature does not act with favor on the proposal to abandon the canal temporarily.

A resolution by Mr. Kuster to improve the south side of Granville street, from Thirteenth street to the corporation limit, was adopted, as was also one by Mr. Fulton, asking that the grade be established on the extension of Hoover street.

Other resolutions were as follows:

By Mr. Orr: For the improvement of the west side of Day avenue from the intersection of West Main street to the first alley in Cassingham and Stump's addition, by constructing walks. Adopted.

By Mr. Flohr: For constructing the 15 inch sewer on Moull street, from Fourth to Woods avenue. Set aside until next meeting, pending engineer's plans and report.

By Mr. Orr: (permanent resolution) For the construction of walks on Eleventh street. Given first reading.

By Mr. Orr: For the improvement of the south side of Hancock street from the west side of Williams, by constructing walk. Adopted.

Suit was brought against the city auditor some time ago, against the assessment for a sewer constructed on Fourth street to Charles street, along the Charles H. Kibler property. The sewer assessment was made some six or seven years ago and the case was taken into court by Mr. Kibler. The city was upheld in the lower court and the case has been appealed to the Circuit court. It will probably be heard next week. Mr. Kibler made an offer of settlement to City Solicitor Bolton for \$200, and Councilman Fulton introduced a resolution to the effect that if the plaintiff pay the costs, the city would settle with Mr. Kibler for \$200. After some lengthy discussion, in which Mr. Kuster objected to the settlement, on the ground that the offer of compromise suggested fear of defeat, and that the city now has over half the battle practically won, the resolution was put to a vote and lost. Flohr and Fulton voted for, and Stare, Kuster, Baker, Irwin and Orr against it. During the argument it was suggested that the city solicitor advise council what step to take in the matter. Mr. Bolton replied that council had previously acted without his advice on some other matters and could possibly do as well in this instance, then, when put to a vote the result was as stated.

SPENT LAST EIGHT YEARS IN MISERY

Boston Banker Says His Life Has Been Hopeless for that Length of Time.

Carleton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress Street, in that city, has recently come out with a very strong statement.

In the widespread discussion over Cooper's new theory and medicines which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicine all that he claims.

Mr. Hutchinson's emphatic statement is as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine.

"I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came East, I learned more of him and his theory that stomach trouble causes most ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which

time I spent over \$1,500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five and six weeks at a time. I always had a sour stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was dull, tired, nervous and gloomy all the time, and was always constipated.

"I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years.

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My relief and thankfulness is beyond description. We sell Cooper's famous preparation described in the above statement—City Drug Store.

BOARD OF EDUCATION WILL ISSUE BONDS

Money Will be Used in Necessary Improvements of the Various City Schools

Superintendent Simkins Makes Important Recommendations---Fire Chief Bausch Reports On Inspection of Schools.

The board of education met in regular session Monday evening and transacted some important business. On roll call President Beggs, Secretary Kellef and Messrs. Haight, Fulton and Conrad answered to the calling of their names. A Mr. Steel, who stated that he was representing the Grand Army and other patriotic organizations, was given the floor.

Mr. Steel talked on the school fire drill and suggested that the pupils on being dismissed for recess or at the close of school march out in regular order two abreast, under the direction of their teacher, while two of the oldest boys act as marshals and direct them. He argued that the pupils must be drilled and not led from the building. Then in case of fire they will act like soldiers and will not become panic stricken.

Principal Williams reported that a new teacher would have to be secured for noon charge at the high school because the teacher on duty now intended resigning. Until a teacher is secured one of the teachers in the building now will take charge for a week, then another one will take her turn.

Mr. Williams also asked that the time for the spring vacation, commonly called the Easter vacation be set. The board decided to give a week between March 27 and April 6.

Superintendent Simkins reported that James Snyder, a Swiss, wanted to give lectures in the different grades of the Newark school and at the close of the lecture he would take up a collection. The kibosh sign was tacked on his proposition in a hurry by the board.

At this point Mr. Simkins made a report of the conditions of the local school regarding fire protections. Each member of the board was furnished with a report. Mr. Beggs then reported that he had Chief Bausch of the fire department make an investigation of the different buildings and file his report with the board. The report of the chief was read by Mr. Beggs.

Mr. Simkins stated that more doors were needed in the high school annex, and that all rooms ought to be connected by doors. This matter was referred to the building committee.

A letter will be written to the chief fire marshal requesting that a man be sent to inspect the new building and to advise as to the changes necessary before the work progresses further.

Bids were received by the board for the wiring and installing phones in the different rooms in the high school, both old and new buildings. The Newark Electric company, Wynegate & Brooks of Toledo, and the Newark Telephone company were bidders. On all bids the Newark Electric company were low, but as there was a misunderstanding as to whether the phones should be installed on a metallic circuit or a common return plan, the matter was carried over until an adjourned meeting that will be held in a few days.

The same three concerns also bid on the program clock. Mr. Hollander of the Newark Telephone company and Mr. Wynegate of the Toledo firm were present.

The committee that was undertaking the bond issue made their report that \$17,000 worth of bonds bearing interest at 4 per cent be floated. Each bond to be for \$1,000, and that a bond be due each year, the payment to be made semi-annually. Mr. Fulton however favored a \$500 bond instead of the \$1,000 one and the matter will be taken up later. The resolution adopted by the committee was accepted by the board.

The following are the most important recommendations that Supt. Simkins made to the Board of Education for additional protection in the different schools.

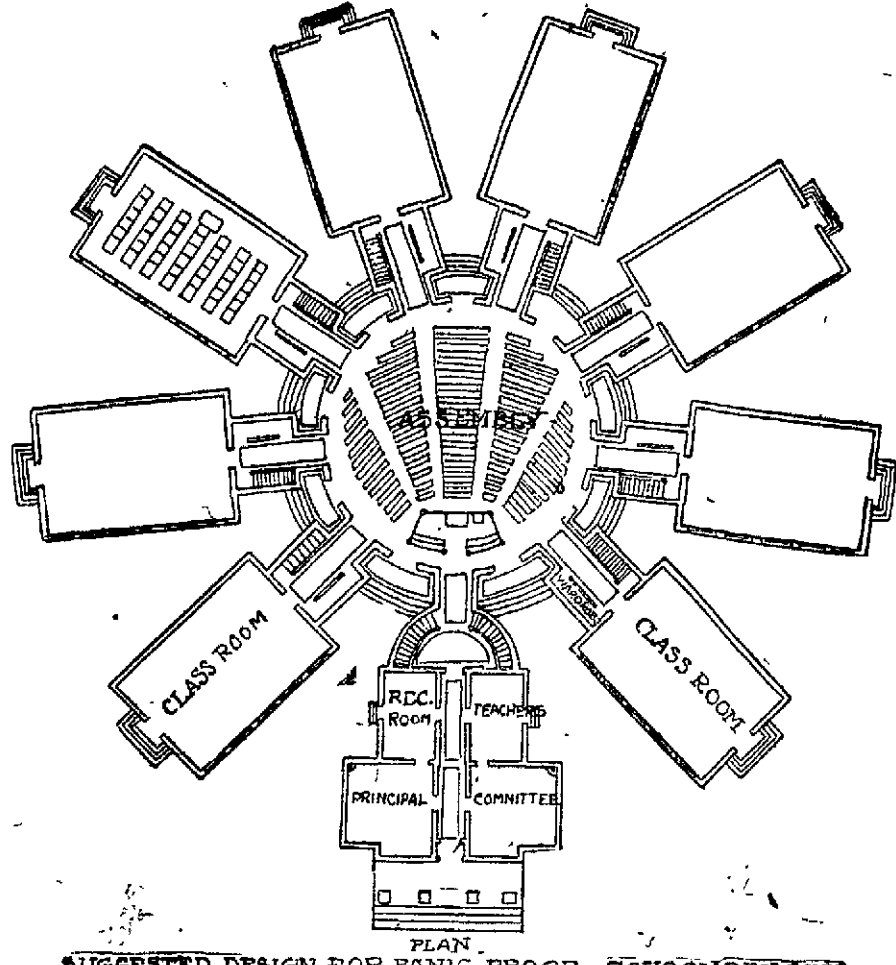

High School—Outer double basement turncase room doors open inward as the other basement doors. Also change double doors of laboratory to open outward. 2. Fence too close to bottom of fire escape.

Central—1. Two stairs parallel and adjoining. 2. Recess building, placing older grades on upper floors. There is a high step on each fire escape.

Woodside—Build steps up to basement window and hang window and its screen on hinges.

North Fourth—1. One basement door should be changed to open outward. 2. Change outside step and open two basement doors outward. 3. Cut door into toilet room from either side; also from landing over stairway from either side. 4. Remove shut-

DESIGN FOR SAFE SCHOOLHOUSES.

SUGGESTED DESIGN FOR PANIC PROOF SCHOOL BUILDING.

New York, March 17.—Joseph Broome, an architect at No. 123 Liberty street, believes he has solved the problem of obtaining the maximum of safety in public schools. He has designed a school building upon the lines of a rimless wagon wheel—a hub with projecting spokes. This contemplates a central building of circular form with smaller buildings, each containing a single class room, grouped about at regular intervals, all being connected with the main structure and yet each having separate entrances.

The central building which is protected from windows. In case of fire the window blinds might be a hindrance. They work hard, the slats are shrunken.

Hudson Avenue—1. Build steps to girls' basement window and hinge window and screen. Fix doors in boys' basement. 2. Cut doors into office from each adjoining room.

Riverside—Cut doorway into office from each adjoining room. Indiana—Cut doorway into office from both adjoining rooms. 2. Two feet above the furnace the smoke pipe is only three inches from pine joist. Probably too close to furnace is too near wood.

East Main—Cut door into office from each adjoining room. Place door lock on outside basement door and swing door outward. It is one exit of manual training room. If the old furnaces are cracked and leak smoke, they might leak sparks and flame also, and cause a fire. A furnace that leaks smoke leaks burnt gas also which is very injurious to occupants of room. Downstairs office door should be double in width or partition removed.

South Fifth—Stairs are only six feet apart at base and five rooms empty across this space.

Franklin—Remove door and change others to open outward.

New West—Remove cleats from all three outside doors. Cut doors from the north central room upstairs into the rooms on either side. This will open up another way through the building besides the hallway. Put window screen on hinges in boys' basement. Stair railing is very wobbly and should be strengthened. Double the office door in width.

New West—Remove cleats outside double doors. The stair is especially dangerous as all four rooms empty at base over a space 7x12 feet, unless lower grades jump out of the window. Window weight cords are broken in six windows; some of these windows should be used in case of fire. Stove pipe is but two inches from pine baseboard and the floor of the second story rests close against said pipe, which passes through the floor without ventilating thimble. Pipe should be set a foot away from the wall and be passed through a ventilating thimble.

General Suggestions.

(Partly gathered from those of the State Fire Marshal. Part of this is for principals and janitors.)

Most fires originate from the furnace.

Renew liquid in fire extinguishers. Drill boys in use of same.

If fire extinguisher, by accident, begins to operate while having a drill carry it out of doors and let it exhaust itself.

A fire extinguisher should be placed on the second floor of our four room buildings.

Connect gongs with hand hammer for use when electricity fails.

Keep fire escape free from ice, and windows likely to be used.

It is not safe for janitors to leave building while it is occupied. Gas from a leaking furnace might be exploded by the furnace fire. Principals and teachers who remain at noon should be thoroughly familiar with the method of turning off the gas and water at the meters. They should also know how to handle the furnace.

Provide more than one exit for downstairs rooms by opening a door in place of a window if window sill is

vided with eight separate exits, it is planned, would serve as an assembly hall. Then each of the class rooms radiating from the main structure would shelter its pupils without any possibility of their interfering with pupils in other class rooms in case fire or other danger made hasty exits imperative.

"The eight class room building as now constructed has only four exits to serve the entire building," explained the architect. "Here 18 exits would be provided. The present 16 class room building has usually four to six exits and only two or three stairways.

over five feet from ground. Why would it not be wise to have a double step ladder for downstairs rooms that have high window sills?

Provide door stops so wind can not swing outer doors.

Double extension bolts are recommended for outer doors.

Door hooks should be provided to hold outer doors open.

Provide all buildings with ladders that will reach the upper windows. Have boys drill on elevating same to windows.

Steps should be built in most basements to a window and the window and its screen hung on hinges. On first floor, where children are small, steps should be built up to a window, if the double step ladder is not practical.

Keys should be provided for the

SCHOOL GIRLS

Most of our ambitious young American girls work too hard at school.

Many teachers have little or no judgment about pushing a child beyond her endurance. They ought to know that girls especially have a danger period. Often, too often, utter physical collapse is the result, and it takes years and years to recover lost vitality.

Many a young girl has been helped over this critical period, and been prepared for a healthy womanhood by

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Miss Elsie L. Hook, of Chelsea, Vt., writes to Mrs. Pinkham:

"I am only sixteen years old, but I want to tell you that Lydia E. Pinkham's Vegetable Compound and your advice cured me of headache, periodic pains and sleeplessness, also of a nervous, irritable condition after everything else had failed, and I want to thank you for it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

principal, for all doors kept locked. In two or more buildings, hot pipes are too close to pine wood. Charred wood absorbs 35 times its own bulk of unburnt gas and is then easily ignited. Hot air and steam pipes may become red hot. Hot air pipes may acquire 150 degrees higher temperature than is necessary to ignite pine wood.

It is as necessary to have two safe pupils follow the line of march in a fire drill as it is to have safe leaders. Occasionally the line should be halted and the march reversed to another part of the building. No telling what exit must be used in case of fire.

John H. Morgan, state workshop and factory inspector, will direct that all fire escapes run away from school buildings where practical and that windows leading to same be changed to doors three feet wide.

Supply water stand pipe with hose connections on each floor. Our old hose should be tested to see if it is strong. Provide barrels of salt water on each floor with two round bottom buckets to each barrel. Open basement doors outward and provide additional doors and steps for exits. Connect fire gong with each floor and basement.

State inspector permits inside fire lower fire escape if board prefers. Says outer doors should be made for each downstairs room if window sill is over five feet above grade line. Outer stairs should be supported with iron posts set in solid cement or stone foundations and well braced.

I saw the pupils at South Fifth and at the Old West successfully escape through a window during a fire drill. The windows are low. I also saw a drill successfully conducted by the organized fire company at the New West building. I followed "fire" in the two first grades and the pupils went out in good order.

I do not consider it safe to close the cold air rooms at night, where the gas is permitted to burn. They ought never to be closed in the day time.

J. B. SIMKINS, Superintendent of Schools.

Fire Chief Bausch's Report.

On March 12th, I requested the chief of the fire department to make an inspection of all school buildings; to examine all fire extinguishers; to report doors and exits not regarded safe; to advise of rubbish or other accumulations that might cause fire and to make such recommendations as he deemed necessary or advisable for the safety of the school children.

The following is the report of conditions as found with his recommendations:

High school—No fire extinguishers; stand pipe used and found in good condition.

Central—Stand-pipe O. K. Condition good. No hose to reach to manual training room. Owing to nature of work a fire extinguisher or extra hose should be supplied.

East house—One fire extinguisher in bad order, recharged; hot air pipes running to hall above causes waisting to become very hot; hot air pipes in basement about one foot from joists; asbestos covering might be desirable. No rubbish.

Mill street—One fire extinguisher top could not be removed until taken to department. One wall of cold air chamber rotted away. No rubbish found.

Indiana—One fire extinguisher O. K. Conditions good.

North house—Two fire extinguishers O. K. Some rubbish under stairway.

Hudson—One fire extinguisher, good shape.

Riverside—One fire extinguisher O. K. Owing to distance from department recommends another. Some paper and rubbish found under stairway.

South Fifth street—One fire extinguisher O. K. Found matches and lamp under stairway. Lamp should be removed.

West House, Old—One fire extinguisher had been discharged. Recharged. Flue pipe on old building should be wrapped with asbestos. No rubbish.

West House, New—One fire extinguisher had been discharged. Recharged. Flue pipe on old building should be wrapped with asbestos. No rubbish.

South Third street—One fire extinguisher. Matches in bucket under stairway. Should be kept in tin box.

Texas—Part of doors open inward. Two doors should be dispensed with.

Franklin—Doors open inward. Two doors could be dispensed with.

Woodside—No fire extinguishers. Conditions good.

All bolts at bottoms and tops of doors to be kept oiled and have chains attached to bolts that they may be quickly opened.

That safety matches only be used in school buildings.

CASTORIA

THE CENTAUR COMPANY, NEW YORK CITY.

ley Grange on March 11. He also organized Kirkersville Grange in Kirkersville on March 14, with 32 charter members. Mr. Merrill is ready to respond to all calls for his services as organizer.

GRANVILLE

Granville, March 17.—Monday evening the members of Irving Literary Society held its twenty-fifth anniversary extra in the society hall. An excellent program was given, which was very much enjoyed by the large number present. The program was as follows:

Invocation.

Piano solo, Scherzo Valsant (Wilson Smith)—Miss Estelle Deardorf.

Address, Irving's History—Prof. C. W. Chamberlain.

Declaration, Jack, the Fisherman—C. J. Hazen.

Essay, Immortality of Thought—F. E. Wolf.

Oration, Social Perils—W. L. Jordan.

Vocal solo, a. Were my Love With Wings Provided (Hahn); b. Song (Hawley) Miss Betty Spencer.

Debate: Resolved, That provision should be made in our state constitution for the exercise of the initiative and Referendum. Aff. C. K. Boyer; Neg. D. J. Tight.

Salvage Jundi—R. M. Albaugh and F. R. Dann.

The debate was decided in favor of the negative. The judges were Mr. Ashbrook, Dr. Hundley and Zoe Browne.

At the conclusion of the interesting program a reception was given and punch was served by a number of the young ladies.

Mr. and Mrs. Charles Edmund of Fosteria, who have been visiting relatives and friends in Granville and vicinity for the past week, returned home Tuesday morning.

Thomas Hilleary, a prominent farmer of Knox county, was in the village Monday shaking hands with friends.

Dr. Lathy Leverette Yerkes of Upper Alton, Ill., who has been visiting friends in Granville, left for his home Monday. Dr. Yerkes was a student in Denison university and is a member of the Phi Gamma Delta fraternity.

Miss Lillian Williams of Cincinnati, after a short visit with relatives and friends here, returned home Monday evening.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at F. D. Hall's drug store.

Chancellor as is to be "fired" from his church. This will probably make him "hot" again.

It is a woman's place to give in to her husband, if he shells out.

Fight It Off!

This is the very season in which serious lung troubles attack thousands of people, coming in wake of neglected colds, when the system is too run down to withstand the ravages of disease. Right now some fatal pulmonary affection may be securing a stealthy hold upon your weakened lungs, if you are carelessly neglecting to cure your cold. Stop it now, with

DR. D. JAYNE'S EXPECTORANT

This is the remedy that four generations have relied on to cure colds and ward off lung troubles. This standard for 77 years has been recognized, generally as an effective, gentle, safe cure for Coughs, Colds, Bronchitis, Croup, Whooping Cough and other similar ailments. Jayne's Expectorant was fighting and conquering disease fifty years before other so-called "cures" were now on the market were even thought of.

Get a bottle today \$1.00, 50c. and 25c. Sizes

Jayne's Expectorant is the best known and most reliable cough and cold remedy in the world. It is a household name and is used by millions of people.

Practical Proof by Practical Man

THE PEO

ACQUAPELLI

Mr. A. P. Baldwin, 14 Union Park, Rochester, N.Y., says: "Four months ago I bought one of your collars and have worn it ever since. My friends will hardly believe me when I tell them it is not linen. I find it does not get any as quickly as a linen one when it does a minutes work with a sponge makes it snow-white again. I have used so-called rubber collars but they crack and turn yellow quickly." At your dealers. If not, direct from us. Collars 50 cents; Cuffs 50 cents. Don't accept substitutes.

The J. F. Poo Company, Mfrs. 11 Poo Building, Rochester, N. Y.

White Fair Week

Most Important Event of the Season Commences Wednesday Morning and Lasts One Week

A week devoted entirely to the exclusive showing and display of everything that is white. Greater preparations than ever before have been made this spring for this great annual event, of which the people of Newark and vicinity look forward to with great interest. The greatest assortment of this season's most beautiful creations in white merchandise will be displayed throughout the store in such profusion as to make it a perfect bower of beauty. Being arranged in the most convenient manner to make your shopping easiest. Months ago we began making preparations for this great White Sale—the most important sale feature of the year—made doubly important this season because of the many extraordinary saving opportunities brought about by trade conditions which enabled us to secure several large lots of the season's best materials at great price concessions. We are now ready with the best and broadest stocks ever displayed under one roof. Come tomorrow and every day to the great White Fair Week, as you will find new attractions and special values at every turn.

Mexican and Japanese Fancy Drawn Work Linens at Exactly One Half Price

One of the most special features of White Fair Week will be the placing on sale of our immense stock of beautiful Mexican and Japanese Fancy Drawn Work Linens. Abundant assortment of designs and sizes in scarfs, center pieces, doilies, etc. All during White Fair Week at 50c on the dollar, or just one-half price.

White Fair Week Sale of Linens

NEWARK MAY FESTIVAL

On Wednesday, May 6, the Newark Choral Society under the direction of Prof. Walter W. Flora will give an afternoon and evening of song that will well be worth the hearing. Prof. Flora says he is going to make it the first choral singing that any Newark audience has yet listened to, because of the fact that the chorus has been so interesting as to bring about great singing. The afternoon concert will be a mixed program. At this time the Newark Ladies' Chorus will make their first appearance, singing "The Dragonflies," by Barzani, "The Song," by Elgar and "Sweetest May," by Mrs. D. O. Evans. "Sweetest May" will be the chorus in which the ladies will contest at Shawnee on May 29. There will also be at the afternoon session the Aerial Male Quartet, ladies and mixed quartets, duets, solos, etc., piano, voice and vocal. The evening song will be given wholly to the grand oratorio, "St. Paul," by Mendelssohn, a chorus of 60 well trained voices, the Auditorium orchestra, piano and the following named artists: Louise Ormsby, soprano, Lillian Spelling, contralto; Frank Ormsby, tenor, all of New York City. Wm. Reynolds, baritone, of Newark. Of the New York soloists nothing need be said, as their reputations in this country as oratorio singers are among the foremost. These soloists also appear in the Columbia May Festival of Monday and Tuesday, May 4 and 5, and at Lincoln O. festival on Thursday, the 7th.

This is why Newark is so fortunate in hearing such great soloists. As for Mr. Reynolds, Newark people quite well know his ability as a baritone. The festival will be given in the Central Church of Christ.

Junior Masquerade Entertainment

The boys of the Y. M. C. A. have planned for quite a good time next Friday evening. The plan is to have an old-fashioned pioneer spelling match in which the boys will be dressed according to their own notion of the costumes of pioneer times. The entertainment will start with an orchestra concert followed by the masquerade and literary program. After the entertainment in the hall

the guests will be invited to the gallery of the gymnasium to see last summer's "Gypsy Camp" shown as it actually was at Coshocton last year. This part of the program alone is worth seeing. We wish to solicit the co-operation of all the parents of the boys in this entertainment and invite you to come out and help to show the boys a good time. The boys will visit you with tickets.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and Itching of the private parts. Sold by R. W. Smith, Newark, 50 cents.

On the Road to Wealth

Everyone likes to travel on this road, but the journey to financial success requires three very important qualities: It necessitates industry, thrift and saving. An account with the Newark Trust Company will help you put these good characteristics into practice and make you prosperous.
